3.2 Parking

Given the limited space in the paddocks, **no car can park in there**. All competitors will have to park personal cars in the parking lot for competitors. All unauthorised vehicle will be towed away 1 hour before the race activities resume.

Competitors parking lot for the first week end (August 5 and 6) is located in the College Laflèche parking lot. Competitors parking lot for the second week end is located in the P12, the baseball field behind the police station. Once they're parked, the racing team members will access the paddock zone using the Ryan footbridge close to the corner #8.

For competitors in the paddock #2, the parking lot is in the Salon de Jeux parking. Located in the section 1 and 4 of the parking log.

We can provide 2 cars parking passes per driver.

Other parking areas are available outside the circuit.

3.3 Motor homes and camping areas

Motor homes will not be permitted in the paddock or parking areas unless arrangements have been made prior to the event with the GP3R organization.

A camping area has been established outside the circuit (East of corner #8). Teams should request space allocation in this reserved parking area in advance by contacting the tickets office J.A.Thompson at 819-370-9797.

Additional information is available at www.gp3r.com under the Tickets menu.

Note: Special « VIP » spaces (with services) are available for motor homes **only**, please contact GP3R office for more information. (819-370-4787) The price for the weekend is 400\$.

Cars parking passes can be picked-up at the credentials.

3.4 Old tires, gasoline containers and fluids

Fuel spillage on the site or in the paddocks will not be tolerated. Fluids may not be drained on the pavement or grass. Drivers and crew members will be liable for cost of pavement damages or environmental fines in case of noncompliance.

Waste oil and liquids - Promoter will provide with **Safety Kleen**, used oil recycling and recovery services for waste oil and liquids in each paddock area. Competitors must use this service for disposal of oils or any other liquids from racing cars that could pollute the environment.

Holes - Holes are not permitted in any areas on the site. Teams are financially responsible for any damage to these surfaces.

Fences - No one is authorized to change the layout of the paddock or the pits by moving the security fence.

Trailer legs - Where teams detach trailers from tractor units, team's trailers legs must be on solid bases of at least ¾" (plywood) x 2' x 2'.

All used tires, fuel and oil containers, drums, etc. and all leftover fuels and oils must be removed by the teams of each series at the end of the event.

Camp fire are not allowed in the paddock area nor in the parking and camping.

3.5 Pets

Pets under 20 inches are allowed on the site but must be leashed at all times.

4. PIT AREA AND FALSE GRID

Fuel drums must be carried back to a safe place outside the pits area after the filling up of the fuelling rigs. Filling up of fuelling rigs and refuelling must be done in compliance with the safety rules of each Series, GP3R safety regulations and city of Trois-Rivières Fire department safety code regulations.

No smoking in pits area and false grid at all times. These rules will be strictly enforced per local fire code regulations. This code includes areas of fuel transfer and storage.

Anyone under **18** years of age will not be accepted in pits area including false grid except competitors.

Competitors and crew members will only be allowed in the pits and false grid areas during their own practices, qualifying or race sessions. They must carry their credentials and comply with the clothing regulations (covered shoes fireproof clothing, etc for hot pits.) of each series.

Fire extinguishers: all teams shall have a fire extinguisher of at least 10 pounds-ABC rating in good operating order and located in the paddock area at all times.

No cars will be allowed to go from the pits area to the paddock by using the false grid in an opposite direction.

4.1 Paddock #2 pits and track access.

Formula 1600 and Canadian touring car championship competitors will access the pits and track from corner #10 and must do so under the supervision of the Security group, False grid and track marshals. More information will be given at their **mandatory Race director meeting**.
